

Jean Krumbein

Life Drawing

Jean has worked as an artist, art model and teacher and embraces all aspects of life drawing. With expertise in a variety of mediums, she brings a deep knowledge and enthusiasm for the human form to her work and teaching. She teaches art at the acclaimed Canyon Crest Academy, facilitates the Encinitas Library Figure Drawing Group, and exhibits extensively.

While her morning module will focus on the entire human form using a variety of media, Jean will focus on drawing the face in an afternoon portrait workshop.
