

Art Groove 2018

Photography with Barbara Jordan

I would love to see 3 samples of your photography. Please email samples to me at barbaraljordan@yahoo.com and put Art Groove in the subject line. Please let me know what type of camera you will be using during the week.

I look forward to an exciting week with everyone.

Best regards,

Barbara Jordan

Tools required for the class:

Of course, you will need a camera. A 35 mm Digital camera that allows you to change lenses, f stops and shutter speed is preferred, but a digital point and shoot can be used. Most point and shoot cameras now allow you to set exposure compensation and iso, so a lot can be done with a point and shoot.

Your camera manual if you have it.

A tripod is helpful.

A notebook or journal to take notes during class.

If you have your own laptop, please bring it so that you can upload images to your laptop.

A flash drive to transfer images to my computer. I will have Photoshop and Lightroom on my laptop for you to use if you do not have those programs on your own laptop.
