

Art Groove 2018

Watercolor Unwrapped with Kathleen Scoggin

My goal through this class is for artists to loosen up their paintings using the Wet into Wet method. We will explore painting in a loose juicy method and finish with negative painting. We will develop your subject matter with strong design and learn new twists to give your paintings the WOW factor. Subject choice is up to you, from abstract to more realistic.

You do not need all of these supplies, it is a list of those I use. Helpful to have those with a *
