Relaxing into Change – A Gentle Stretch Practice – Kathy

Kathy will lead us through an hour of mindful stretching to prepare our bodies and our spirits for a weekend of opening to the idea of embracing change. You'll need a yoga mat and two yoga blocks. If you regularly use blankets in your practice, bring those too. This will be an evening of releasing old stress patterns and preparing to welcome a spirit of openness to the idea of change in our lives.

Keynote: Daily Rituals for Embracing Change – Jacquie Freeman

Change is one thing we can count on in life. But sometimes, change can seem rather difficult. We get complacent. We get comfortable. Why should we stretch out of our comfort zone when we are feeling like things are okay? What can get us out of our comfort zone? Get us to lean in to making changes that can make our lives better?

Jacquie will help us explore what we truly want and let go of any limiting beliefs we might have. Throughout this session you'll do work that will address your physical, spiritual, mental and emotional self. You'll learn daily rituals that you can rely on, that will help connect you to Your Higher Power. These changes can propel you to living your life feeling more empowered, peaceful, filled with more clarity and joy. Who's ready to embrace change?!

Making Change Through Gentle Movement – Lisa Harris

Are you stuck in a movement rut? Have you been practicing the same yoga poses for years but have never thought of changing them up a little? Are you worried it would no longer be 'yoga' if you changed something? Well, 'changing it up' could be just what your body (and mind) needs! Our bodies and brains thrive on novelty and one of the best ways to make progress - in any area - is to create new neural pathways by changing something up! This session will gently nudge you into moving your body and mind in more novel ways.

Contemplate Change Through Writing – Kathy Bolte

Kathy will guide everyone through a simple writing practice of looking at all the ways we are resistant to change, and identifying practices that can help us embrace change. Bring a few pieces of paper and your favorite writing instrument to this session.

Reflections & Commitment to Change for Whole Living – Jacquie Freeman

Let's take a look at the vision we have for ourselves after spending this beautiful weekend together at Yoga and Whole Living Camp. During this session, you will reflect on the changes you want to see and experience in your life. Through a deep visualization exercise, you'll become more clear about what you see for yourself and you'll see the changes you'll be making so you can get there. Studies have shown that when we write and share our commitments with others, it helps solidify the changes we are making. In this last session, we'll have an opportunity to help others and ourselves as we listen, support and encourage change.
