

CAMP CONNECT

A de Benneville Pines Virtual Experience

February 11, 2022

Hi ,

Camp Connect Workshop
"UU Principles
How do they go beyond an ideal?"
Facilitator: Amy Brunell

When Unitarians and Universalists came together in 1961, they adopted six principles -- really our values -- for which Unitarian Universalism strives to live by. In the 1970's, women UU's started a movement to change the more sexist language of the principles. In 1984, the language of the original six principles was reworked, and a seventh principle added, all of which were almost unanimously agreed upon.

Now we're considering an eighth principle, which will work to build a diverse multicultural Beloved Community and strive to dismantle racism and other oppressions.

How do our principles play a part in congregational life?

How can these principles play a part in camp life?

How can we use our principles as a guide to settle disagreements and upsets?

Can the principles help us to be more compassionate when we don't agree?

Can the principles be a sort-of-guide in how we carry ourselves with fellow humans?

Starting Sunday, March 6th, at 5:00 pm for four (4) weeks, we will dive into two principles per workshop session. Workshops will be presented via Zoom and facilitated by Amy Brunell, one of our Camp Deans and a Professional Facilitator in navigating stimulating discussions.

Attend one session, some, or all! We've focus on two principles each week, in sequential order. These workshops will be held at 5 pm on four consecutive Sundays:

- March 6th
- March 13th
- March 20th
- Marth 27th
